

MICROSOFT AZURE CONSULTANT

Software industry

WHAT'S THIS ABOUT?

Our client, based in Cyprus, has seen growth in their Microsoft Cloud business and need 2 global consultants to help them with their workload. Consultants based in Eastern Standard Time (EST)... this one's for you!

Put simply, they are looking for someone who understands cloud architecture, Azure and Office 365 to take a consultative approach and deliver Microsoft Azure and Office 365 products and services. You will design, develop and manage robust, secure, scalable, highly available dynamic cloud solutions.

They expect to keep you busy for 6 months for sure, but would love to grow their team longer term, if that works for you. Are you interested?

ABOUT YOU

- Bachelors or higher degree in computer science or information technology
- Proven expertise in Microsoft Azure cloud platform, Office 365 including IaaS services and PaaS services
- Thorough understanding of infrastructure (firewalls, load balancers, etc...) with experience in designing a cloud solution
- Expert in Active Directory, Hybrid cloud, AD synch, Security and Office 365; Azure DevOps Tools is an asset
- Strong attention to detail and can deliver the highest quality solutions to customers
- Fluent in English with working knowledge of Greek, French or Arabic an asset

ABOUT US

- Salary is **\$75,000** per year
- Work from home (no commute!)
- Regular working hours (9 to 5)
- Global company with international clients you've heard of
- Committed to continuous learning and knowledge sharing
